

Prof. John Kenedy Opara donated brand new Toyota Hiluk Truck to CCEPI since 2014. This vehicle God used to save my life, some members of my family and over 30 people when Boko Haram overrun the EYN Headquarters. In the morning of 29th October Boko Haram rounded our community including Kulp Bible College where they killed some students, abducted some and vandalized our property. My son Tizhe was very brave, and God helped him and drove in the middle of Boko Haram pointing gun. We used this vehicle to travel to the most risky and hard to reach areas. Opara donated money and accepted us anytime we visited. He cared, support and love the most vulnerable people.

PROF. JOHN KENNEDY IFEANYICHUKWU OPARA
